

# Negotiations

These are the things we like to talk about before we play with anyone new. It is OK if you do not know all the answers.

\*Are there any medical issues that I need to know about? \*Do you have any "triggers" that you are aware of?

\*What are your hard limits?

\*What are your soft limits?

\*What do you want to experience?

\*What do you like best?

\*What are your safe words? We prefer "yellow" (back off a bit) and "RED" (stop the scene!).

\*What play stations do you prefer to use?

*Sir James*
